NOTA: Se han usado los resúmenes de la IA de búsqueda de Brave para buscar páginas fiables y encontrar ejemplos buenos. Aunque al final haya acabado recurriendo a la misma página para los datos.

Ejemplo de búsqueda empleada:

Aptean customers list

1. Companies across multiple domains utilize Aptean Pivotal CRM to manage their customer data.

### Companies Using Aptean (Competitor Analysis)

1. **Blackfriars Insurance Brokers Ltd (Financial Services)**
2. Lockheed Martin Corporation (Defense)
3. Wipro Ltd (IT and Services)
4. AT&T Inc (Telecommunications)
5. Canon Inc (Electronics)

**Note:** The provided search results include a mix of publicly disclosed customer lists, competitor analysis, and market research reports. The companies listed above may use Aptean's unspecified product or Pivotal CRM, but it's essential to verify the information with Aptean or the respective companies for accuracy.

If you're looking for a specific type of customer list (e.g., by industry, location, or company size), please let me know, and I'll do my best to provide a filtered list based on the available information.

➤ **Follow up**

- Q What industries or sectors have adopted Aptean's solutions most widely?
- Q How do Aptean's customers leverage the company's software to drive business growth and innovation?
- Q What geographic regions have the largest concentration of Aptean customers, and what factors contribute to this distribution?
